Comments on Grand Master's Award Program 2018

- Inspection Lodges may receive one half credit (1 point) for conferring the inspection degree on a courtesy candidate.
- Charity Lodge charity may be thought of as the time, talent, and treasure of the lodge.

The Grand Master is asking lodges to review what they do as good works for people and their communities as well as charitable giving. Are the lodge's service efforts still appropriate in today's society and is it raising funds for causes valued by today's members, or is the lodge doing it because they've been doing it for years? Is your lodge raising funds or giving to the charity or charities that match your member's interests today and positioned to meet the needs of tomorrow?

The lodge can give to whatever it chooses, but the decision should be an informed one based on the wishes and opinions of today's members.

Petition Verification – If done, it must be applied to all petitioners.

- Roadmap Lodge officers and interested brethren need to be able to complete the selfevaluation of the Roadmap without concern that they will be criticized for being honest about lodge strengths and weaknesses. But filling out the form is just a first step. Setting a goal and working to achieve that goals is the road to success. One point for each meaningful, measurable goal achieved up to 3 points.
- Training Wardens, Deacons, and Typewritten Ritual training session attendance should be self-evident.
- Widows We promise to contribute to the relief of our Masonic widows. That effort must begin by knowing how this women are doing. For every 10 widows contacted, the lodge earns a point up to a maximum of 5 points. If the lodge has less than 50 widows, it can adjust the maximum score down. (For rounding up or down, 1 to 5, round down, 6-9 round up, e.g., 45 counts as 40 or 4 pts., 46 counts as 50 or 5 points.)
- 80 Years The same process applies to our senior members and those who have had their dues remitted. Chances are many of our older members cannot get out or come to lodge, so the lodge should be willing to go to them. Often, if we remit the dues of a Brother, it is because he cannot work or travel, and we lose track of them. For every 10 brothers contacted, the lodge earns one point to a maximum of 5 points. (Round up or down as above.)

- Awards While it would be nice to present an award at a dinner or other lodge functions open to invited guests, the lodge has great latitude here regarding when and how the award is presented. Make it special for the awardee. Send a press release to the local paper if one is available. Place an announcement on the lodge Facebook or web page.
- Youth Visit the youth group as the lodge, not as individuals. It is not necessary to wear Aprons, although dress in a manner that reflects positively on the Lodge.
- Family The lodge can hold any kind of family friendly event it chooses. It should see that it is announced to the entire membership through its newsletter, email list, etc. Picnics, Movie Nights, Holiday Party, etc. are all appropriate.
- Email Addresses Check the number of email addresses of Lodge members in MORI then contact members to collect a minimum of 20% more. The Lodge's goal should
- be

100%.

- Inventory Prepare an inventory of lodge property that is of historic value (aprons, early minutes, etc.), and locally made creative works (paintings, pictures, gavels, alters, etc.). Send a copy to the Grand Lodge for the Museum and Library.
- Fund Raiser This should be a fundraiser for one of the classic Masonic charities to care for distressed brethren, their widows, and orphans: Grand Lodge Charitable Foundation, the Ohio Masonic Home, the Masonic Services Association or Honor Flights.
